About This Component

There are more than 100,000 living Delta Sigs in all sorts of professions. In-person training for the work force will set your members apart from the competition.

Best Practices

- Invite an alumnus to present to the chapter. Alumni Corporation Board (ACB) and Collegiate Chapter Advisory Board (CCAB) members may be willing to lead a session or connect the chapter with a professional who can.
- Colleges and universities maintain career development centers with programs that can be easily given at the chapter level. Be sure to ask your career development office for assistance and/or materials.
