

Community Leader

Component

Documentation

Chapter meets or exceeds the highest level of their host institution's (bi)annual assessment/accreditation program.	1. Letter from the professional overseeing fraternities confirming the chapter's score and placement within the assessment/accreditation program.
---	---

About This Component

Chapters that are extremely high performing on their respective campuses should be rewarded for their efforts to be leaders in their community.

Best Practices

- Chapter should only choose this component if they have a campus-based assessment or accreditation program that they must complete for their host institution.
- Whether the program is based on a calendar year, or academic year, the chapter will receive credit for this component if they can show that they received the highest marks possible within their respective program.
