

ALUMNI ENGAGEMENT

Component

Documentation

Chapter coordinates at least one (1) event for Fraternity alumni per academic year.	1. A program for the alumni event OR letter describing the event(s) <ul style="list-style-type: none">- Signed by the Chapter Advisor or an Alumni Corporation Board member.
Chapter maintains communication with alumni members at least twice (2x) per academic year regarding the chapter's activities and goals through means of a newsletter or other publication (digital, print, etc.)	2. Two (2) newsletters or other publication (digital, print, etc.) communication with the chapter's alumni membership
Graduating members meet at the end of the academic year to discuss standards and expectations of membership as alumni.	3. An outline of the graduating members meeting and the date on which it took place.

About This Component

Delta Sigma Phi is for life, and part of the Fraternity experience is re-visiting with old friends and younger members of one's chapter. Each chapter should facilitate a relationship with their alumni base with the guidance and assistance of an ACB. New chapters may not have an alumni base and should define expectations for post-college membership prior to the graduation of senior members annually.

Best Practices

- Whether or not your chapter is new, consider implementing the strategy of seniors committing to certain expectations as alumni members. There is no reason that the service and leadership expected of undergraduate members should be solely an expectation of our undergraduate members.
- Be sure to organize events to allow for conversation and for alumni to meet brothers they may not have seen in years or even decades!
- Remember that all events conducted by members of Delta Sigma Phi fall under the same expectations. Be sure to follow FIGP guidelines and Fraternity Risk Management policies when planning alumni events.
